11th October 2017

Dear parents,

Wiltshire Festival of Engineering – Friday, 3rd November

The Year 6 pupils of Ivy lane have been invited to attend the Wiltshire Festival of Engineering on Friday 3rd November at the Trowbridge Civic Centre between 11am and 1pm. This provides an excellent opportunity for school pupils in Years 6, 7, 8 and 9 to view a variety of interactive exhibitions from world class engineering firms such as Dyson and Airbus. It also encourages the study of STEM subjects (science, technology, engineering and maths) at school and beyond, and careers in engineering and manufacturing in the distant future.

Our Year 6 pupils attended this event last year when it was held in Chippenham and were enthused by the whole experience. It truly was a great opportunity to see the main roles in engineering and to get them to think about their possible career choices in the future.

The coach will be leaving school at 10.30am and will return at approximately 1.30pm. The children will need to bring in a packed lunch on that day which they will eat at school once they have returned. If your child is entitled to free school meals and you would like the kitchen to provide a lunch please let the school office know by Monday, 3rd November.

The cost of the transport for this event is being met by the school due to many parents committing to the cost of the residential, however, could we please ask you to log onto your ScoPay account to give permission for your child to attend. **Please log in to Scopay at: <https://www.scopay.com/ivylane> and click on the blue wording for: 'Festival of Engineering', this will then take you to another screen which shows a tick box for you to tick to give permission for your child to attend.**

Yours sincerely

Mr Prosser & Miss Readman
Year 6 Class Teachers
