

### Maths

In Maths we have been doing: Algebra, ratio, proportion, B.O.D.M.A.S. amongst a lot else!

We have also been practising our formal methods and lots of Arithmetic.

### **Our Year 6 Term 4 2016 /17**

Whole class Art inspired by 1960's Pop Art

### Literacy

We have written some excellent suspense stories, focusing on making the setting and characters create an atmosphere. Also we have completed a lot of science in Literacy, which included presenting our results using Maths skills and trying to include the passive voice too.

### Reading

We have been practising for our S.A.T.S tests in May by studying old exam papers and also helping a partner as a learning duo. This has really helped the whole year group as we all find Reading tests very tricky!

Written and designed by  
Jacob Mills.

### Term 5

We all know next term is really important!  
We will complete our S.A.T.S. (at last).  
We are almost ready!

### Theme

We have toured the world of Music.  
We have learned music from Jamaica (Reggae), Cuba (The Buena Vista Social Club), England (The Beatles - Hey Jude mainly) and also Hawaii as all of Year 6 love Bruno Mars!
